Detailed Updates for Highways and Routes

The OnSystem Geographic (G) and Tabular (T) datasets have been updated to reflect the status of the Colorado Roadway Information System (CORIS).

```
Type        Description
-------------------------------------------------------------------------------------
```

G,T   025A mp(15.585)-mp(39.103) - now belongs to **Patrol 2**; **Patrol 3** now begins at 39.103

G,T   U.S. 350A now runs From U.S. 160C Beshoar Junction East of Trinidad Northeast via
       Model and Timpas To U.S. 050B and Grant Ave in La Junta : milepoint 72.718

G,T   Staff Bridge Statewide GIS Structures work is coming to an end. A new Log Book will be out soon.

```
--------------------------------------------------------------------------------
If you maintain any tabular datasets which have or will contain data for the above segments,
please adjust them to reflect these modifications and additions.
--------------------------------------------------------------------------------
```
