Detailed Updates for Highways and Routes

The OnSystem Geographic (G) and Tabular (T) datasets have been updated to reflect the status of the Colorado Roadway Information System (CORIS).

Type	Description
------	-------------

G,T	Work is rounding to almost a finish with the Unified Logbook of Structures. Types included are: MinorStr ONSYS SIGNS MiscStr
-----	---

G	Highway-to-Ramp shape corrections & updates have been made.
---	---

G,T	The starting segment on SH-470A was adjusted to go out to the R-O-W.
-----	--

G,T Both US 50 and SH-013A are working on future partial abandonment's.

G,T Substructures, Pipes, Culverts, and other assets are being pulled into GIS using existing AutoCAD Plans and Surveys. So please be sure to share them with GIS.

If you maintain any tabular datasets which have or will contain data for the above segments, please adjust them to reflect these modifications and additions.
