1. This Right-of-Way Plan is not a boundary survey of the adjoining property and is prepared for the Colorado Department of Transportation purposes only.
2. For title information, High Country Engineering, Inc. relied on the existing CDOT right-of-way plans and documents of record.
3. This plan set is subject to change and may not be the most current set. It is the user's responsibility to verify with CDOT that this set is the most current. The information contained on the attached drawing is not valid unless this copy bears an original signature of the Professional Land Surveyor hereon named.

NOTICE: According to Colorado law you must commence any legal action based upon any defect in this survey within three years after you first discover such defect. In no event may any action based upon any defect in this survey be commenced more than ten years from the date of the certification shown hereon.

AUTHORIZED: _____ DATE: _____

RIGHT OF WAY MANAGER

I, Frank W. Harrington, a professional land surveyor licensed in the State of Colorado, do hereby state to the Colorado Department of Transportation that based upon my knowledge, information and belief, research, calculations and evaluation of the survey evidence were performed and this Right-of-Way Plan was prepared under my responsible charge in accordance with applicable standards of practice defined by Colorado Department of Transportation publications. This statement is not a guaranty or warranty, either expressed or implied.

505	580025.92	521970.62	6190.91	CDOT TYPE 2 CONTROL MONUMENT	13.3

NOTE: To get from Project Coordinates to State Plane Coordinates; Add the false reduction to the Northing or Easting project coordinates, then subtract the seed point North or East coordinates, then divide the difference by the ground scale factor, then add that number back to the seed point North or East coordinates to get the state Plane Coordinates.

Example of Project Coordinates to State Plane Coordinates on point 0006 Northing
 $1,000,000 + 582,249.03 = 1,582,249.03 - 1,587,594.133 = -5345.103 / 1.0003354671 = -5343.310 + 1,587,594.133 = 1,582,250.823$

Example of Project Coordinates to State Plane Coordinates on point 0006 Easting
 $2,000,000 + 510,133.87 = 2,510,133.87 - 2,506,293.831 = 3840.039 / 1.0003354671 = 3838.751 + 2,506,293.831 = 2,510,132.577$

Coordinate System:	US State Plane 1983 (at ground)	Ground Scale Factor:	1.000335467
Coordinate ZONE:	Colorado Central 0502	False North Offset:	1000000.00
Coordinate Datum:	NAD1983 (1992)	False East Offset:	2000000.00
Geoid:	G03US	Seed Point Northing:	1587594.133
Project Latitude:	39°26'01.21303"N	Seed Point Easting:	2506293.831
Project Longitude:	107°14'52.97056"W	Coordinate Units:	U.S. Survey Feet
Project Height:	1840.496	Elevation Units:	U.S. Survey Feet

BASIS OF BEARINGS: Bearings used in the calculations of coordinates are based on a grid bearing of N25°56'44"W from CM-MP 11.0, a CDOT Type II Control Monument to CM-MP 6.85, a CDH R.O.W. Marker on a conc. post with a 3/4" Brass Disk. Both are marked appropriately for their milepost location and control position. The survey data was obtained from a Global Positioning System (GPS) survey base on the Colorado High Accuracy Reference Network (CHARN).

Elevations were not established on this Project.

COORDINATE DATUM: Project coordinates are modified Colorado State Plane Central Zone NAD 83/(1992) coordinates.

NOTE: To get from Project Coordinates to State Plane Coordinates; Add the false reduction to the Northing or Easting project coordinates, then subtract the seed point North or East coordinates, then divide the difference by the ground scale factor, then add that number back to the seed point North or East coordinates.

The CHARN is based on the NAD 83(1992) datum.

CM-MP=Control Point Monuments set by High Country Engineering Inc. They are CDOT Type 2 monuments, a 3/4" dia. aluminum control monument cap (as shown) on a 6' x 3/4" dia. aluminum security rod in standard monument box.

Typical Control Monument Cap
Not to Scale

FOUND RFTA MONUMENT COORDINATE TABLE			
POINT NO.	NORTHING (ft.)	EASTING (ft.)	DESCRIPTION
20005	581184.67	512251.65	3 1/4" ALUMINUM CAP RFTA LS 16401

METHOD STATEMENT
The depicted State Highway 82 right of way is primarily positioned by establishing additional angle points between found monumented angle points. The additional angle points were determined by rotating the plotted bearing between found points to the measured bearing between those found monumented angle points and then applying a transit rule djustment to the plan courses (as rotated) between found monumented angle points.

GENERAL NOTES:

- All centerline and offset stationing may not represent the centerline as constructed in the field.
- Refer to the M-629-1 Survey Monuments of the Standard Plans dated July, 2006 found in The Colorado Department of Transportation, M & S Standards for survey monument descriptions.
- This plan set is subject to change and may not be the most current set. It is the user's responsibility to verify with CDOT that this set is the most current. The information contained on the attached drawing is not valid unless this copy bears an original signature of the Professional Land Surveyor hereon named.

NOTICE: According to Colorado law you must commence any legal action based upon any defect in this survey within three years after you first discover such defect. In no event may any action based upon any defect in this survey be commenced more than ten years from the date of the certification shown hereon.

SURVEYOR STATEMENT (R.O.W. MONUMENTS By HCE)	
I, Frank W. Harrington, a professional land surveyor licensed in the State of Colorado, do hereby state to the Colorado Department of Transportation that based upon my knowledge, information and belief, adequate research, calculations and evaluation of survey evidence were performed and the Right-of-Way monuments depicted on this Right-of-Way Plan and tabulated R.O.W. MONUMENTS SET By HCE were set under my responsible charge in accordance with applicable standards of practice defined by Colorado Department of Transportation publications. This statement is not a guaranty or warranty, either expressed or implied.
