The diagram illustrates the road design process, starting with a 'CONCEPT' phase, followed by 'PRELIMINARY DESIGN', 'FINAL DESIGN', 'CONSTRUCTION', and 'OPERATION'. It details the flow of information and resources between these stages, including inputs like 'TRAFFIC', 'ENVIRONMENT', and 'COSTS', and outputs like 'ROAD DESIGN', 'ROAD CONSTRUCTION', and 'ROAD OPERATION'. The diagram also shows a 'ROAD DESIGN' section with 'ROAD DESIGN' and 'ROAD CONSTRUCTION' sections, and a 'ROAD CONSTRUCTION' section with 'ROAD CONSTRUCTION' and 'ROAD OPERATION' sections.
