GENERAL NOTES

1. This Right of Way Plan is not a complete survey and is not to be relied upon for any other purpose than that for which it is prepared for Highway Department purposes only.
2. Field survey control precision computed to exceed 1:50,000.
3. Title of Pueblo.
4. NOTICE: According to Colorado law you must commence any legal action based upon any defect in this survey within two years after you first discover such defect. In no event, may any action based upon any defect in this survey be commenced more than ten years from the date of the certificate shown hereon.
5. All R/W Markers set from survey control points.
6. All centerline and offset stationing is the- centerline of the proposed project, the centerline as constructed in the field.
7. All coordinates listed are assumed project coordinates.
8. Survey Control Points set with a higher degree of accuracy than R/W Markers.
9. All bearings are referenced to a line connecting the monument (3-1/4" Alum. Cap) of the NW 1/4 Sec. 25 to the monument (6" Iron Pipe) of the 6th PM and the monument (Stone) for the NE Corner of said Section 25 having an assumed bearing of S. 88° 32' 11.8" E.
