

## National Highway System (NHS) Mileage by Transportation Planning Region (TPR)

### Off System Statistics (2022)

These statistics are limited to Colorado off-system roadways (local government owned and maintained roads not on the state network) on the National Highway System (NHS).

Daily Vehicle Miles of Travel (DVMT) represents vehicles traveling on every segment of NHS off system roadway over an average day.

The NHS off-system roadway data is submitted by local agencies and may be incomplete or not current.

If a geographic area is not listed, there is no NHS off-system Mileage for that area.
